

CPSI Blended Learning Course

Program Overview

The CPSI Blended Learning Course will be a combination of the CPSI Online Learning Course, a CPSI virtual training session conducted by CPSI instructors through scheduled live training opportunities and the CPSI Computer-based examination offered at a professional testing site. Participants will receive CPSI Course Materials from Course Host.

Accessing the Blended Learning Course

Once the course has reached the minimum number of participants needed, participants will receive an email with information to provide them access to the CPSI Online Learning Course and CPSI Virtual Learning Session. Participants will have access to this information on their learning dashboard when logged into NRPA: <http://learning.nrpa.org/my-dashboard>

Each participant may use their standard NRPA login and password to access their dashboard, if they have created one previously. If they have not, they will need to click on “Forgot password?” and enter the unique email address used for registration. They will then receive instructions for creating a login and password.

Blended Learning Course Overview

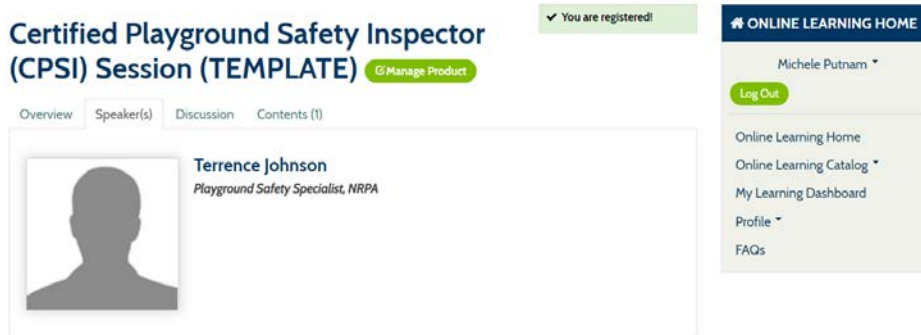

This tab provides the general session information and expectations.

Speakers

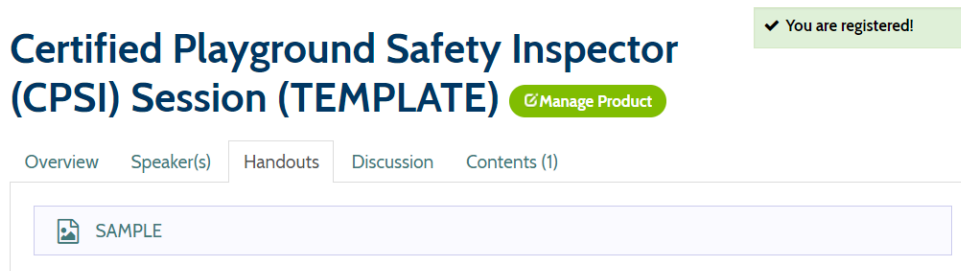

Instructor information can be found under the speaker's tab, along with information for Terrence Johnson, Playground Safety Manager. If a participant has any questions, please contact Terrence Johnson at tjohnson@nrpa.org

Registrant view:

Handouts

If the CPSI Instructor wishes to provide any handouts along with their lessons, they will be provided here.

Discussion

After completing the CPSI Online Learning Course, participants are encouraged to leave 2-3 questions in the discussion area that they would like the CPSI Instructor to address in the virtual training session.

Contents

The “Contents” tab contains the blended learning course content. Participants will have access to the CPSI Online Learning Course and the CPSI Virtual Learning Session. Access to the online learning course will be provided for 180 days from registration, however **participants must complete the entire Online Learning Course at least 24 hours before the CPSI Virtual Session.**

Participants will be notified, by email, 1 week, 1 day and 1 hour before the CPSI Virtual Session. When the event becomes active (15 minutes prior to the start), participants will click the play button to access the content and will be taken to a new tab with the active Zoom meeting set up by the instructor. Participants should plan to login 15 minutes before the virtual session to allow for any technical difficulties and contact tjohnson@nrpa.org immediately with any concerns.

The instructor will conduct the CPSI Virtual Learning Session through a 4-hour Zoom meeting. The Zoom meeting will not be recorded.

CPSI Virtual Session
 05/18/2020 at 1:15 PM (EDT) | 240 minutes
This is a Zoom Meeting. You are required to have your webcam active throughout the session to assure attendance throughout the course.

Zoom Meeting Information

Please review the screen below to become acquainted with how a Zoom meeting works and how your screen will look. You may want to print this page as a quick reference guide for your meeting. Primary areas to focus on include the mute and stop video buttons on the bottom left, the participants and chat buttons that are bottom center and the gallery/speaker view in the upper right.

Participants are encouraged to type questions into the chat window while the Instructor is covering the material. Instructors will reference the questions periodically and before/after breaks.

Zoom "Quick Reference Sheet" for Version: 4.6.10 (20041.0408) **9th April 2020**

Callouts:

- If you're Recording it indicates here
- Pop up messages in Breakout Rooms
- Switch between 'Gallery View' or 'Speaker View'
- View Participants
- See who's joining
- Unmute Me
- 'Raise' your hand. Other features.
- Ask questions or say hello
- More Host Chat controls
- Chat with 'Everyone' or specific people 'Privately'
- During Breakouts this message lets you know your time is almost up. You will automatically be moved back into the Main Room.
- Record, Pause, Resume recording (Host)
- Click to open the Chat window
- Click to share your screen, slides, music
- Open Participant window
- New Security Function
- 'Stop Video' if you don't want to be seen (in your pyjamas)
- 'Unmute' to speak. 'Mute' all other times for less 'noise' on call. (Long press Space Bar to briefly unmute)

CPSI Computer-based Examination

One week before the CPSI Virtual Session, participant information will be sent to the professional testing company. Participants will then be sent an email with information on how to schedule their examination at a nearby testing facility and their expiration date (set for 90 days following entry into the professional testing company's database). Participants may schedule their examination based on their schedule and the testing company's schedule.

To find a testing site near you, please visit the professional testing website at
<http://online.goamp.com/CandidateHome/displayTCList.aspx?pExamID=20879>
